## **Failure to Comply**

1. If on-time payment is not made as agreed upon as scheduled, a late fee of \$30 may be assessed and added to the account balance. Payments made after the 10th of the month are considered late and may not be accepted without the late penalty included in the check, cash or credit amount. If no payment has been made by the 15th day of the month, a phone call or email may be made to inform the responsible party that their athlete is placed on probation until the account is brought current. This probationary period serves as a warning that the player is in danger of being suspended from the club if the account is not brought current within 15 days of the given notice. The player's coach will be informed of the probation. If no payment is made by the end of the Probationary period a second phone call or email may be made to inform the responsible party that the player is suspended from the club. A suspended player may not participate in any team practices, training activities or tournaments. The player may remain on suspension until payment is brought current including late penalties and interest has been made and the payment has cleared the bank. If payment has not been made within 60 days of the due date, the account may be assessed a collection fee on top of all late fees and interest. The account may be turned over to a professional agency to assist in collecting what is still owed on this account. The player may be dismissed from the team.
2. Should any Parent/ Guardian not comply with the terms of this Financial Agreement, LVC reserves the right to pursue any member through legal proceedings and/or collection services for non-payment of fees owed to Lanier Volleyball Club, Inc. Such actions may result in adverse effects on the signing parties' credit scores and/or credit history.
